WORKSHOP DESCRIPTION

DATE & TIMES

Get started with a tablet & smartphone

Find out how to get started with your new tablet or smartphone at this friendly group session. Find out what your smart device has to offer, including apps, personalisation and security tips.

27th March

How to stay safe online

Are you worried about doing things online? The internet is a fantastic resource, but as with everything, it has its risks. This session will give you some hints and tips including when a website is safe, the importance of passwords and how to email safely...all while enjoying this new online world!

3rd April

WhatsApp is easy!

Find out why so many people love WhatsApp! Get to grips with WhatsApp and learn how to use it for communicating with friends and family. The session will cover the basic including setting up groups, sending photos, recording voiceclips and last but not least, safety settings!

17th April

Facebook is easy!

Find out why so many people love Facebook! Get to grips with Facebook and learn how to use it for creating fun posts and to stay in touch with friends and family. The session will cover the basics including setting up a profile, creating posts, commenting on posts and last but not least, safety settings!

24th April
